EDUCATION

University of Munich

PhD in Econometrics/Economics @ Munich Metrics Group

Member of Munich Center for Machine Learning & Munich Graduate School of Economics.

Current interests: structural estimation, machine learning in econometrics, bayesian inference

Munich, Germany

Oct 2025 – 2029

University of Oxford

MPhil in Economics; DPhil offer 2024 & 2025

Advanced courses in Econometrics, Empirical Research Methods and Mechanism design.

Oxford, United Kingdom

Oct 2022 – July 2024

Cornell University

Exchange semester (Economics); GPA: 4.18/4

Ithaca, New York, United States

Feb 2021 – May 2021

Bocconi University

BSc in Economics and Social Sciences; GPA: 110 cum laude

Milan, Italy

Sep 2018 – Dec 2021

Evangelische Schule Frohnau

Abitur 1.0; Valedictorian

Berlin, Germany

Sep 2016 – Jun 2018

EXPERIENCE

University of Oxford

Research Assistant

- Theoretical and applied research in **econometrics and Bayesian statistics** with researchers at Oxford, Warwick, Pittsburgh, Chicago, and the US Environmental Protection Agency.

Oxford, United Kingdom

July 2023 – July 2025

Ultramarin

Quant Research Intern

- Algorithmic asset allocation models via uncertainty quantification in ML ensembles and Bayesian regime shift detection.

Berlin, Germany

June 2025 – Sep 2025

QuantCo

Data Science Intern

- Developed data drift monitoring methods for a ML system at a major German public health insurer, via ML interpretability and dimensionality reduction techniques.

Berlin, Germany

May 2022 – Aug 2022

Hasso-Plattner-Institute, Digital Health Center

Junior Research Associate

- Comparative statistical analyses of experimental designs in personalized medicine: aggregated N-of-1 trials versus randomized control trials.

Potsdam, Germany

Nov 2021 – Feb 2022

Muzinich & Co., Managers of Corporate Credit

Analyst Intern

- Research on risk in bond markets and performed macroeconomic forecasting.

Frankfurt, Germany

July 2021 – Aug 2021

SKILLS

Programming: Python (scientific & ML stack), R, Stan, SQL, Git, Stata, Matlab, C++.

Academic Skills & Interests: Machine learning, econometrics, causal inference, structural estimation, bayesian inference, uncertainty quantification, regularization, applied statistics, adaptive learning, decision theory, empirical bayes, experimental design.

AWARDS & ACHIEVEMENTS

HackHPI 2025 Winner (Medical Edition): App for just-in-time adaptive treatment via policy learning.

HackEurope 2026 Winner (Dublin, Europe's largest student hackathon): Optimized GPU compute allocation scheduler using mechanism design.

Exposé Scholarship (2024–2025): Scholarship by the Studienstiftung in preparation for dissertation proposal.

Scholar of the Studienstiftung des Deutschen Volkes (2021–2025): Scholarship awarded based on outstanding academic achievement and societal engagement.

Bocconi International Award (2018–2021): Tuition waiver based on academic merit ($\sim 25k$).

HOBBIES

Tennis player, cellist, road cyclist, avid hiker, ski instructor, triathlete.
